FIRE PROTECTION

TP Mechanical is the one full-service mechanical contractor to handle all your fire protection needs, from new builds to service to preventative maintenance. Our comprehensive fire protection and inspection capabilities ensure your systems are NFPA code-compliant and ready to respond effectively to any fire emergency.

We offer:

- Wet, dry and pre-action sprinkler system inspections
- Backflow testing
- Internal and pipe obstruction inspection and testing
- Annual hydrant inspection
- Fire extinguisher
- Annual fire pump testing
- FE-13/FMO200/Specialty system testing
- 24-hour emergency service

Our first core value is "Safety First, Always First," and we will relentlessly pursue the highest standard of safety so that we can send each of our employees home to their families every night, injury-free.

To learn more about our mechanical and HVAC capabilities, contact us today.
