FACILITIES OPERATING AGREEMENTS

At TP Mechanical, we offer operating agreements customized to fit your equipment and facility needs, including regular maintenance agreements designed to keep your systems running efficiently and prevent costly downtime. Our hybrid agreement option allows companies to hire us as a full-time partner for facility maintenance and repairs. In this arrangement, we work directly on your behalf as a subcontractor, handling ongoing maintenance, repairs, and operational support. Before any work begins, we establish a clear dollar amount so you know exactly what to expect, creating a reliable and cost-effective partnership for your facility needs.

Our first core value is "Safety First, Always First," and we will relentlessly pursue the highest standard of safety so that we can send each of our employees home to their families every night, injury-free.
